TESTER CERTIFICATIONS.**

INSPECTOR RECERTIFICATION CHANGES

Changes to the safety inspector re-certification process - Effective January 1, 2007.

Only persons certified during the previous year, last 365 days, will be allowed to re-certify utilizing the 'cd' or on-line certification process. All other's, who have allowed their certification to lapse, for more than one-year, 365 days, will be required to attend the full 16-hour Safety Inspection Course, offered through any one of the twelve Regional Educational Institutions.

GARAGE KEEPERS INSURANCE

In our last newsletter we included the information on the new rule: **R714-158-4 Station License:**

All stations, except fleet and exempt stations are required to provide proof of 'Garage Keepers Insurance' or a \$1,000 Surety Bond while operating as an official state safety inspection station.

There have been calls from Insurance Companies to verify this information. Please be advised that when a new station is put into business and when the troopers perform a station visit they will be checking for current garage keepers insurance. A station that does not have a current Surety Bond or Garage Keepers Insurance will be suspended until this insurance is obtained. Therefore the following rule can be imposed as well.

R714-158-4 Station License: (4)

A \$100 fee is required to renew a license that has been suspended / revoked.

MOVING TO THE NEW UHPSI WEB APPLICATION

The Vehicle Safety Office is currently mailing out Utah Interactive enrollment instruction letters to the

stations that are currently using the console. The letter has instructions for moving over to the new web-based program. Once your station receives this letter, please, follow the instructions provided to access the enrollment application. After the enrollment application is completed and faxed, expect three to four days process time. Stations with console certificate balances can complete this process, but should not log in until all console certificates are used.

Once all the current console stations have had the opportunity to move over, letters will then go out to all the other stations that are using only paper certificates. Also any new stations applying will be required to enroll to the new web-based program.

PAPER CERTIFICATES

We have been getting a number of requests from stations wanting to purchase more than the allowed amount of paper certificates at one time.

Please, be advised of the rule regarding the purchase of paper certificates: R714-158-9 Paper certificates (1) A maximum of 10 paper books may be purchased on one order.

We would appreciate your compliance in following this procedure when purchasing paper certificates.

PASSWORD RESET REQUESTS

Just a reminder, passwords will be reset only during regular office hours, which are Monday through Friday, 8:00 A.M. to 4:30 P.M.

UHPSI CONSOLE HELP

Utah Interactive has been receiving numerous calls for problems related to our current console system. For all problems with the current console system, **Please call our 'Help Desk' at 965-4889, Option #4.**

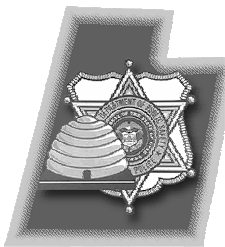

Utah Interactive's customer support line should only be called when you are having problems or you have questions related to the web-based on-line program. The Utah Interactive Customer Support Line phone number is 801.983.0275. We thank you for your cooperation.
